

trifibre

Bespoke Packing Solutions

With over 32 years of experience, Trifibre are a highly respected, innovative casing solutions designer, manufacture and supplier to many industry sectors, including oil & gas, aerospace, military, emergency services, security services and much more!

Our experience and wide range of products has enabled us to work with some of the largest names in the aerospace and defence industries. Using in-house CAD facilities we can help to develop the right product to protect and ship precious cargo based around our customer's requirements.

Whether you need bespoke shipping pallets or containers, flight cases or foam engineered products, our extensive manufacturing capabilities allow us to supply the optimum solution.

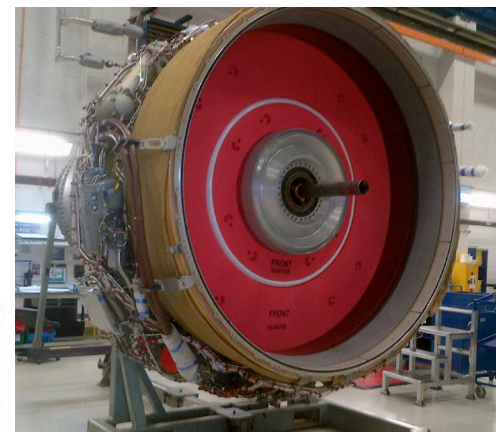

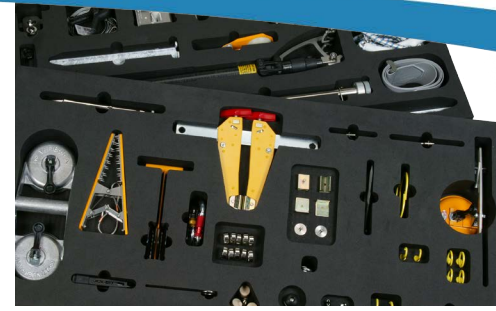

All of our products are made to the highest standards and are subject to ISO 9001 quality checks. We realise that quality is key can can supply and manufacture cases and other products to meet military standards.

Most of our cases can be further enhanced with custom foam interiors and printing of logos.

We have worked with major blue chip organisations such as SAAB, Boeing, Rolls-Royce, Airbus and much more!
