

trifibre

Bespoke Packing Solutions

With over 32 years of experience, Trifibre are a highly respected, innovative casing solutions designer, manufacture and supplier to many industry sectors, including oil & gas, aerospace, military, emergency services and much more!

Trifibre are highly experienced in producing bespoke packaging solutions for the Oil & Gas industry. We understand how delicate and expensive equipment is within the industry therefore we provide the ultimate casing and packaging solutions to keep your expensive and fragile equipment protected.

Our protective packaging cases are manufactured in the UK, we provide casing solutions for all types of equipment, so if you are looking for a flight case with custom foam insert to packing crates for easy transportability then contact Trifibre.

Whether you require shipping containers, packing crates, heavy duty flight cases, waterproof cases, custom foam inserts and much more, our in house design team can create the correct bespoke solution that meet your exact specifications.

Trifibre packaging solutions have been used all over the world to transport and protect some of the most precious items for a range of blue chip organisations.
